	1	2	D-5	8	Good attention, esp. with the cat! Heeling: Change of pace needs to be distinct. Dog gets extra points for Down! Dog should be on your left during the figure 8. Handler needs to remain in position. Dog broke the sit due to adorable cats. In the future, try to remove any possible distractions during video. If you want to re-do the sit, then you'd qualify.
			Obedience - Sub-Novice C		
	2	13	D-2	15	Good sit and decent heeling. Work on the halt. Work on getting your dog to sit when you're healing. Practice in a straight line taking a few steps and saying the word sit. Dog broke the down. Train for a longer down.
	1	25	D-1	13	Great sportsmanship, great attitude, great handling! In the future, watch that you're not giving the dog too many ques. Just give one command for heeling. Once you're moving, don't keep popping the leash. Look ahead. You have all the potential in the world! Work on getting the dog more animated in the recall.
