|  |   | Senior       |      |                      |  |  |                                                                                                                                                                                                                                                                                    |
|  | 4 | 50           | R-5S | Sloan, Zoe           |  |  | Good intro. Position rabbit with hind feet to the side not towards you to show teeth... Good showing judge the sex, and hinde legs and tail. Practice sexing the rabbit more efficiently. Find ways to consolidate your routine. Good evaluation.                                  |
|  | 5 | 27           | R-3S | Nunes, Courtney      |  |  | Good intro. Overall very fast, had to watch twice to see every step. Work on proper hand position when you turn him over. Good evaluation.                                                                                                                                         |
|  | 6 | 51           | R-3S | Kelley, Tammy        |  |  | Good intro. Your technique and control is very good. You need to talk through your presentation to tell me what you're looking for. You also didnt give an evaluation of your rabbit at the end.                                                                                   |
|  | 3 | 73           | R-3S | Dungan, Ayla         |  |  | Overall good technique and a good speaking voice. Watch the terms you use, For example;Tummy, Sheen, Nice are not appropriate for this breed and/or showmanship. Plucking white hairs is not acceptable for shows. Don't include that in your routine. Good evaluation of your ML. |
|  | 1 | 76           | R-2S | Evans, Madeline K    |  |  | Good intro and eye contact throughout. Clear and concise routine, Lift rabbit to turn him when you show it's sex. Very good evaluation.                                                                                                                                            |
|  |   | 77           | R-3S | Ingerson, Cecelia    |  |  |                                                                                                                                                                                                                                                                                    |
|  | 7 | 46           | R-2S | Larrain, Wilder      |  |  | Pose with left ear to the judge. More eye contact. Don't lean on the table. Show the judge the teeth, but good technique, Check around the neck and belly. Use the term "Doe". Forgot evaluation of rabbit.                                                                        |

|  |   |            |      |                     |  |  |  |                                                                                                                                                                                                                                     |

|  | 8 | 21         | R-5S | Madrid, Ariana      |  |  |  | Good intro. Pose with left ear to the judge. Practice turning the rabbit over properly with the correct hold on the back of neck and ears. Good evaluation. Good eye contact.                                                       |
|  | 2 | 29         | R-5S | Sittenauer, Michael |  |  |  | Good intro. Don't get stuck, move on from the eye. Very good showing everything to the Judge but sometimes it looks awkward. Thorough. Good evaluation.                                                                             |
|  |   | FFA        |      |                     |  |  |  |                                                                                                                                                                                                                                     |
|  | 1 | 23         | R-2S | Marshall, Frances   |  |  |  | Begin with left ear to the judge, good intro. Very good eye contact. Good technique on eyes, nose and teeth. Well done showing the sex to the camera. Thank judge at the end.                                                       |
|  | 2 | 36         | R-3S | Crisman, Kellie     |  |  |  | Very good intro. Good technique on teeth and sex, but turn the rabbit to show the judge. Excellent Markings evaluation.                                                                                                             |
|  |   | FFA Novice |      |                     |  |  |  |                                                                                                                                                                                                                                     |
|  | 1 | 72         | R-2S | Cornejo, Soleil     |  |  |  | In intro, say "compact type". Good job on teeth, nose and eyes. Show the judge sex and hind legs. Good checking belly, but check under the chin too. Pin your hair back next time and maintain control of your rabbit at all times. |
